WILL GEISSE DEAD

The Shot Fired at His Brother Proved Fatal

MURDERED AT HIS HOME

The Direct Result of a Family Quarrel.

ONE MAN IS UNDER ARREST

Patrick Malone went to the Geisse residence last night, and a row followed. Jabby Geisse knocked him down and then ran from the room. At the same instant a pistol shot rang out, and his brother William staggered back with a bullet in his abdomen. Efforts were made to save him, but he died this morning.

There lay this morning above the restaurant of John Dennis, in Third street, Wellsville, the poor pain racked frame of William Geisse. He was shot last night while near his own home, the bullet having been intended for his brother, Jabby Geisse.

Officer Cohagen was walking down Third street soon after 9 o'clock when he heard repeated cries of murder. Running in the direction from which the noise came, he saw a crowd, and in its midst Willie Geisse lay upon the pavement, his face drawn and contracted with pain. Calling upon someone to go for a doctor the officer hastened around the corner into Broadway. From the house of Mrs. Heltie Geisse came sounds of conflict which filled the vicinity and hastened the officers steps. Rushing into the house he saw a sight he will never forget. The room was in disorder. Chairs were overturned, and a general aspect of warfare seemed to have taken possession. In one corner was a bed, and on it lay Patrick Malone struggling in the grasp of John Dennis, his fingers tightly clasped about the throat of the man whose face was covered with blood. Running to the assistance of Dennis the officer soon had Malone standing upright, and that moment Jabby Geisse, a brother of the boy who had been shot, ran fiercely toward him. He had seized a club, and but for the efforts of the officer and other persons in the room the frenzied man would have soon put an end to who he then believed was his brother's murderer. Jabby was shown the danger of his course, and the officer hastened to city hall with his prisoner.

There he reported the matter to Chief Warren, and they went to the disturbed district. The wounded boy had been removed to the second story of the building before which he fell, and Doctor Tar, Doctor Hutchinson and Doctor Parke were doing all in their power to save his life. The ball had entered the right side of the abdomen, passed through the lower lobe of the liver and entered the stomach. The internal hemorrhage was alarming, and the boy was vomiting great clots of blood. He was placed under the influence of an anesthetic, and an incision was made from the wound to the middle of the abdomen. The bowels were taken out, and the abdominal cavity was cleansed. It was deemed best to search no farther for the bullet at that time owing to the weakened condition of the patient. The bowels were replaced, and the incision closed. The doctors remained with their patient during the entire night, and when they left at 5 o'clock this morning, expressed the belief that he might recover. There have been cases where the patient, a strong man, was able to stand the terrible suffering and get well. The chances, however, at that time were against Geisse.

The story of the affray was told to a NEWS REVIEW reporter by Jabby Geisse this morning. It seems that Malone is a potter employed at the Baum sanitary plant. He came to Wellsville five years ago from Trenton, and is well known in East Liverpool. He has been staying at the Geisse house, and last night came home under the influence of liquor. He made much more noise than the occasion required, and Willie Geisse, who is opposed to liquor in every form and will not allow it about the house, ordered him to be quiet. At that moment Jabby Geisse came in, and Malone said that was the man he was

after, and at once attacked him. Jabby succeeded in knocking him down, and, as he lay on the floor, Geisse says drew a revolver from his pocket. Jabby saw the action and darted through the door, just as his brother appeared from the kitchen. The shot was evidently intended for Jabby, but it struck Willie in the side. The young man stood motionless for a moment, and then ran into the street screaming that he had been shot. He made his way as far as Third street where he sank to the sidewalk unable to go farther.

All was confusion at the house. The room was filled with smoke, and Malone was dazed so that he made no effort to escape. John Dennis came in time to prevent him getting away after he had recovered his senses, and the timely arrival of Officer Cohagen undoubtedly prevented further trouble for Jabby Geisse was wild with rage.

The shooting caused great excitement in that part of town, and the streets were thronged with people. After Malone had been arrested the murmur against him grew into a growl, and only the efforts of people who saw the trend of sentiment prevented the crowd from going to city hall and demanding the prisoner. At one time it looked as though the shooting would result in something much more serious than was at first expected.

MADE A STATEMENT.

Geisse talked of the crime to Squire Riley.

Willie Geisse died this morning at 11:20 o'clock, after suffering a great deal. Physicians did all they could, and remained with him the greater part of the morning, but not a doctor was present when he died. The funeral will take place Monday morning, interment being in Spring Hill cemetery.

Squire Riley, who is acting coroner, was at once notified of the death of Geisse, and began preparations for the inquest. He notified Prosecutor Speaker of the awful happening, but it is not necessary for the prosecutor to be present at the inquest. The inquiry will be conducted in Squire Riley's office. A number of witnesses will be summoned, and the police have been busy all afternoon hunting for those who know most about the matter.

Doctor Tarr, Doctor Noble, Doctor Clark and Doctor Hutchinson were summoned to conduct the autopsy. It will require an hour and a half at least before the work is completed.

Malone is still in jail, and the authorities will allow no newspaper men to see him, as he has not yet consulted an attorney, and they say it would not be fair for him to talk just now. There were rumors and rumors of other arrests this morning, but none have yet been made. No charge was entered against Malone, the authorities waiting until after the inquest before they make a move.

Last night, when it was thought that Geisse would not live through the operation, and might even then die at any moment, it was deemed advisable to have him make a statement. It was done in regular form and witnessed. In it he said that he was standing in the street fifty feet from the house when he heard the report and knew he was shot. He saw Malone standing in the hallway of his mother's house, and supposed the shot had been fired at his brother Jabby. He did not say that Malone fired the shot.

KISSED THEIR DUSKY PARTNERS.

A disgusting scene at the Passenger Station. A disgusting scene was enacted at the Cleveland and Pittsburg passenger station last night. Two young white girls, said to live in Rochester, entered the station in company with two colored men, who came here from Pittsburg recently. The people made themselves most conspicuous, and as the train pulled into the station the girls kissed their dusky partners and boarded the car for home.

A CASE OF SCARLET FEVER.

The first in months appeared in West End. The first case of scarlet fever in the city for over eight weeks was reported to the health authorities yesterday noon. The afflicted person is A. Dinerstein, West End, and is a dangerous one. Sanitarians lost no time in quarantining, and it is believed will not spread. The contagious disease is a danger.

Parties were on pile of filth in the Seventh street and Seventh street, two dead cats, a rotting beef.

CAREY HAS A PLACE

He Has Been Farmed Out to the Athletics.

MERCER IS IN GOOD FORM

Syracuse Complains About the Treatment of Carey by Philadelphia and Milwaukee Praises Him—A Strong Team Will Take a Trip Next Week.

According to the Philadelphia letter to Sporting Life this week, George Carey will play first base for the Athletic team, of Philadelphia. They are members of the Atlantic league, and are considered the farm of the Philadelphia club.

The Syracuse correspondent says: "The members of the Rooters' club express themselves forcibly as disgusted over the treatment of our last year's first baseman, George Carey. Here is a player that is out of a position because a big league club decided at the last moment that they cannot use him. Carey is at his home now when he should be in the game."

That Milwaukee would like very much to have Carey is expressed in the following from that city: "There has been for some time more or less discussion in baseball circle as to the relative merits and abilities of Carey and Stafford as ball players. Both have been seen here, and are, therefore, well known to all the local patrons, and in my mind it requires no great amount of argument or insight as to which of them is the best man, while as far as records go, the honors are about even, Carey leading in fielding, while Stafford has the best of it as a stickler; but for all around work and scientific playing Carey certainly stands head and shoulders above Stafford. Carey is a player of good judgment, and not very liable to lose his head, while Stafford's work is purely mechanical, and is all right until brought face to face with a play that requires quick action and thought. In such a case he is at a loss as to what to do. I do not in any wish to detract or underrate Stafford, for he is a good average player, but he cannot be compared to Carey for all around work."

In regard to Mercer the Washington man says: "Mercer, the mainstay, and McJames, who is depended on as his principal assistant, are both in form. As the result of his long rest Mercer has regained his speed, and with his marvelous control of slow curves he looks a winner all over."

Probably the strongest team of ball players that ever left the city will go next week to New Castle and Youngstown to play a series of six games. The lineup: Finch and Davis, catchers; Howard, Lynch and Webber, pitchers; Frey, first; Kennedy, second; Godwin, third; McNicol, short; McCurran, left; Twaddle, middle; Carey, right; Smurthwaite, substitute.

A BICYCLE ACCIDENT.

James York Was Thrown Over the Handle Bars.

Last evening a string of bicyclists were riding up Sixth street at a fair rate of speed. When they reached the corner of East Market street James York collided with a buggy driven by George Stevenson. York was thrown over his handle bars on the pavement, but escaped injury. He gathered up his wheel, straightened the handle bars and rode off. This is the second accident of this sort within a week, and bicyclists will probably learn the danger of riding in a bunch when someone is seriously injured.

A GREAT BIG ORDER.

Murphy & Co. Captured a Nice Contract.

James Rinehart, of Murphy & Co., slipped out of the city the other day for a short trip on business, and his friends wondered what it was. Now they are congratulating him because the firm captured one of the largest individual orders ever placed with a pottery in the city. It amounts to \$10,000, and every piece of the ware will go to the concern who placed the order. Shipments will be started at once. Five months are allowed to fill the contract.

Buried at Madison Church.

The remains of Mrs. Treffinger arrived in the city this morning on the train from Pittsburg, and were taken to Madison church, where they were interred. Among those who attended the funeral from Pittsburg were Mrs. Gilmore, Miss Josie Gilmore, W. H. Craig and W. Mercer.

Complain of a Crowd.

Complaint is made of a crowd of boys frequenting the vicinity of Fifth and Washington streets each evening. Last

night they became a nuisance, and should have been ordered to move on. Chief Johnson scattered the crowd a few evenings since.

INVADDED THE CEMETERY.

And Sold Part of an Iron Fence to a Junk Dealer.

Around the Harvey lot in the old cemetery was placed some years ago an iron fence. A few days ago a member of the family had occasion to visit the cemetery, and found that someone had broken off the top of every picket for no other purpose evidently than to be doing something. Should the miscreants be caught they will be dealt with just as severely as the law will permit. The story was told today that the damage had been done by small boys who had sold the iron to a junk dealer.

HARD TO FIND.

People Will Not Talk About Their Neighbors.

Sanitary Policeman Burgess has located several nuisances. The officer says this is an easy job, but when it comes to locating the owner of the nuisance it's different. Everybody tries to steer clear of the nuisance, and the officer is usually compelled to spend several days in finding the owners and notifying them to have it removed. In some cases it seems an utter impossibility to find the owner as everybody in the neighborhood refuses to tell to whom it belongs, and the officer is told to find out the best way he can.

NO PAPER.

The Police Are Active in Enforcing the Law.

A boy seated on a bicycle rode through the Diamond, last night, scattering bills. President Peach saw him and called Officer Whan. The boy was notified to appear at city hall.

A dry goods clerk was opening goods in the street this morning, and throwing the wrappings in the street. He was informed by Mr. Peach and Chief Johnson that he must pick up all the paper or suffer arrest. He picked up the paper.

THE GAS EXPLODED.

Now Frank McNutt Has Little Hair and a Sore Face.

Frank McNutt is suffering with a badly-burned face, the result of too much gas. Yesterday afternoon at the Mountford works he went to light the gas in the stove. The gas had been escaping for sometime, and when he applied the match there was an explosion. The flames flashed over McNutt, and his eyebrows and hair were singed, while his face and neck were severely blistered.

Fell Into the Creek.

Ed Morley, while fishing at Beaver creek yesterday afternoon, was standing on a rock when his feet slipped and he fell into water nine feet deep. It was with some difficulty that he was rescued, but he sustained no injuries beyond a ducking.

Will Meet Again.

As no definite action was taken at the last meeting of stockholders of the Windsor Packing company, they will endeavor to get together again next week. It is very generally believed the plant will not be located here.

Objected to the Noise.

William H. Wallbanks and Minnie Weaver were married last night, and parties in the neighborhood serenaded them. Others objected seriously to the noise, but the merry ones continued the celebration.

Will Hear Reports.

The official board of the Christian church will hold a meeting Monday evening at the residence of J. W. Quick, of East Market street. The reports of all committees will be heard.

On the River.

The river now shows seven feet and falling. This stage is too low to allow coal to be shipped south. No packets passed up. The Lorena and Virginia are due down this evening.

No Paper Sale.

Papers and periodicals were not sold at the Young Men's Christian association last night because of the small number of persons present. The sale will take place tonight.

Held Over.

The session of the First Presbyterian church held a meeting last evening, but as all members were not present the Swan matter was laid over until another meeting.

Homeward Bound.

Mr. and Mrs. C. E. Surles, who have been spending the winter at Jacksonville, Fla., will start for home next week.

A SEWER PIPE COMBINE

It Was Formed in Cleveland Last Night.

ORGANIZED UNDER OHIO LAWS

After Numerous Ineffectual Attempts to Reach An Agreement, They Were at Last Successful—Forty-four Companies Are Interested.

After a number of ineffectual attempts to form a combination, the sewer pipe men reached an agreement in Cleveland yesterday.

The company embraces 44 factories with a combined capital of \$7,500,000 invested. The company has been incorporated under the laws of Ohio, with a capital stock of \$25,000. The incorporators are Harry Thompson, David E. Hill, Charles F. Chapman, Alexander H. Cummings and John W. Chapman. The name of the corporation is the Central Union Sewer Pipe company.

A board of directors was chosen, consisting of J. M. Cooper, Uhrichsville; Charles O'Connor, Lockhaven, N. Y.; B. W. Robinson, Akron; W. B. Goucher, Toronto; D. E. Hill, Akron; F. N. Kondolf, Rochester, N. Y.; H. A. Robinson, Akron; E. H. Gibbs, Akron, and Alfred Lyth, Buffalo, N. Y. A temporary organization was effected by making Mr. Cooper president and B. W. Robinson secretary.

Mr. Robinson told a reporter they would not restrict the output or limit prices, but would not give the objects of the organization. It is stated the organization was only accomplished with considerable difficulty. A telephone message to the office of Knowles, Taylor & Anderson in East End this afternoon brought out the information that while the concern has been represented at the meetings it is not connected with the combination.

TO PAVE KOSSUTH

Council Will Act on it at the Next Meeting.

Council at its next meeting will act upon an ordinance authorizing the paving of Kossuth street to College. City Engineer George has lately surveyed the thoroughfare and will make his report at the next meeting. How soon work will be commenced is not known, but it will be the first street paved this summer.

Too Much For Them.

Two young men called on Mayor Gilbert this afternoon and wanted permission to sell pictures from a box in the Diamond. When informed that licenses cost money in this town they hastily departed.

Society Socials.

The Rathbone sisters will give a social Monday evening in their rooms. The ladies of the Eastern Star will banquet next Thursday evening.

A Mormon Meeting.

The Mormons will hold another meeting tomorrow. They have not as yet received any word from the elders who were in the city sometime ago.

A Play Next Week.

The theatrical season in the city has not entirely closed, and next Saturday evening the St. Plunkard company will play at the Grand.

Home From the West.

George W. Clark, western traveler for the Laughlin pottery, came in from the west today.

Got Judgement.

Edward Cook was this morning given judgement against Hancock & Hughes for \$34.

PERSONAL MENTION.

—F. E. Grosshans was in Pittsburg today.
—Mrs. Stevenson has returned from Lasbon.
—Ed Hartzell is visiting his parents in Leetonia.
—Reverend Reinartz will preach at Rochester tomorrow.
—Miss Gould is in New Brighton to spend Sunday there.
—Reverend O'Meara returned from Pittsburg last evening.
—A. H. Fleming, of Fairmont, W. Va., is in the city on business.
—W. A. Lawrence, of Troy, N. Y., was visiting friends in the city yesterday.
—David O'Hanlon has moved to the Croft farm, a few miles north of the city.
—Reverend Carson returned last evening from Mt. Vernon, where he has been attending the district conference of African Methodist Episcopal church.

WILL GEISSE DEAD

The Shot Fired at His Brother Proved Fatal

MURDERED AT HIS HOME

The Direct Result of a Family Quarrel.

ONE MAN IS UNDER ARREST

Patrick Malone Went to the Geisse Residence Last Night, and a Row Followed—Jabby Geisse Knocked Him Down and Then Ran From the Room—At the Same Instant a Pistol Shot Rang Out, and His Brother William Staggered Back With a Bullet in His Abdomen—Efforts Were Made to Save Him, But He Died This Morning.

There lay this morning above the restaurant of John Dennis, in Third street, Wellsville, the poor pain raked frame of William Geisse. He was shot last night while near his own home, the bullet having been intended for his brother, Jabby Geisse.

Officer Cohagen was walking down Third street soon after 9 o'clock when he heard repeated cries of murder. Running in the direction from which the noise came, he saw a crowd, and in its midst Willie Geisse lay upon the pavement, his face drawn and contracted with pain. Jabby was shown the danger of his course, and the officer hastened to city hall with his prisoner.

There he reported the matter to Chief Warren, and they went to the disturbed district. The wounded boy had been removed to the second story of the building before which he fell, and Doctor Tar, Doctor Hutchinson and Doctor Parke were doing all in their power to save his life. The ball had entered the right side of the abdomen, passed through the lower lobe of the liver and entered the stomach. The internal hemorrhage was alarming, and the boy was vomiting great clots of blood. It amounts to \$10,000, and every piece of the ware will go to the concern who placed the order. Shipments will be started at once. Five months are allowed to fill the contract.

Buried at Madison Church.

The remains of Mrs. Treffinger arrived in the city this morning on the train from Pittsburg, and were taken to Madison church, where they interred. Among those who attended the funeral from Pittsburg were Mrs. Gilmore, Miss Josie Gilmore, W. H. Craig and W. Mercer.

Complaint of a Crowd.

Complaint is made of a crowd of boys frequenting the vicinity of Fifth and Washington streets each evening. Last

night they became a nuisance, and should have been ordered to move on. Chief Johnson scattered the crowd a few evenings since.

INVADED THE CEMETERY.

And Sold Part of an Iron Fence to a Junk Dealer.

Around the Harvey lot in the old cemetery was placed some years ago an iron fence. A few days ago a member of the family had occasion to visit the cemetery, and found that someone had broken off the top of every picket for no other purpose evidently than to be doing something. Should the miscreants be caught they will be dealt with just as severely as the law will permit. The story was told today that the damage had been done by small boys who had sold the iron to a junk dealer.

HARD TO FIND.

People Will Not Talk About Their Neighbors.

Sanitary Policeman Burgess has located several nuisances. The officer says this is an easy job, but when it comes to locating the owner of the nuisance it's different. Everybody tries to steer clear of the nuisance, and the officer is usually compelled to spend several days in finding the owners and notifying them to have it removed. In some cases it seems an utter impossibility to find the owner as everybody in the neighborhood refuses to tell to whom it belongs, and the officer is told to find out the best way he can.

NO PAPER.

The Police Are Active in Enforcing the Law.

A boy seated on a bicycle rode through the Diamond, last night, scattering bills. President Peach saw him and called Officer Whan. The boy was notified to appear at city hall.

A dry goods clerk was opening goods in the street this morning, and throwing the wrappings in the street. He was informed by Mr. Peach and Chief Johnson that he must pick up all the paper or suffer arrest. He picked up the paper.

THE GAS EXPLODED.

Now Frank McNutt Has Little Hair and a Sore Face.

Frank McNutt is suffering with a badly-burned face, the result of too much gas. Yesterday afternoon at the Mountford works he went to light the gas in the stove. The gas had been escaping for sometime, and when he applied the match there was an explosion. The flames flashed over McNutt, and his eyebrows and hair were singed, while his face and neck were severely blistered.

Fell Into the Creek.

Ed Morley, while fishing at Beaver creek yesterday afternoon, was standing on a rock when his feet slipped and he fell into water nine feet deep. It was with some difficulty that he was rescued, but he sustained no injuries beyond a ducking.

Will Meet Again.

As no definite action was taken at the last meeting of stockholders of the Windsor Packing company, they will endeavor to get together again next week. It is very generally believed the plant will not be located here.

Objected to the Noise.

William H. Wallbanks and Minnie Weaver were married last night, and parties in the neighborhood serenaded them. Others objected seriously to the noise, but the merry ones continued the celebration.

Will Hear Reports.

The official board of the Christian church will hold a meeting Monday evening at the residence of J. W. Quick, of East Market street. The reports of all committees will be heard.

On the River.

The river now shows seven feet and falling. This stage is too low to allow coal to be shipped south. No packets passed up. The Lorena and Virginia are due down this evening.

No Paper Sale.

Papers and periodicals were not sold at the Young Men's Christian association last night because of the small number of persons present. The sale will take place tonight.

Held Over.

The session of the First Presbyterian church held a meeting last evening, but as all members were not present the Swan matter was laid over until another meeting.

Homeward Bound.

Mr. and Mrs. C. E. Surles, who have been spending the winter at Jacksonville, Fla., will start for home next week.

A SEWER PIPE COMBINE

It Was Formed in Cleveland Last Night.

ORGANIZED UNDER OHIO LAWS

After Numerous Ineffectual Attempts to Reach An Agreement, They Were at Last Successful—Forty-four Companies Are Interested.

After a number of ineffectual attempts to form a combination, the sewer pipe men reached an agreement in Cleveland yesterday.

The company embraces 44 factories with a combined capital of \$7,500,000 invested. The company has been incorporated under the laws of Ohio, with a capital stock of \$25,000. The incorporators are Harry Thompson, David E. Hill, Charles F. Chapman, Alexander H. Cummings and John W. Chapman. The name of the corporation is the Central Union Sewer Pipe company.

A board of directors was chosen, consisting of J. M. Cooper, Uhrichsville; Charles O'Connor, Lockhaven, N. Y.; B. W. Robinson, Akron; W. B. Goucher, Toronto; D. E. Hill, Akron; F. N. Kondolf, Rochester, N. Y.; H. A. Robinson, Akron; E. H. Gibbs, Akron, and Alfred Lyth, Buffalo, N. Y. A temporary organization was effected by making Mr. Cooper president and B. W. Robinson secretary.

Mr. Robinson told a reporter they would not restrict the output or limit prices, but would not give the objects of the organization. It is stated the organization was only accomplished with considerable difficulty. A telephone message to the office of Knowles, Taylor & Anderson in East End this afternoon brought out the information that while the concern has been represented at the meetings it is not connected with the combination.

TO PAVE KOSSUTH

Council Will Act on it at the Next Meeting.

Council at its next meeting will act upon an ordinance authorizing the paving of Kossuth street to College. City Engineer George has lately surveyed the thoroughfare and will make his report at the next meeting. How soon work will be commenced is not known, but it will be the first street paved this summer.

Too Much For Them.

Two young men called on Mayor Gilbert this afternoon and wanted permission to sell pictures from a box in the Diamond. When informed that licenses cost money in this town they hastily departed.

Society Socials.

The Rathbone sisters will give a social Monday evening in their rooms. The ladies of the Eastern Star will banquet next Thursday evening.

A Mormon Meeting.

The Mormons will hold another meeting tomorrow. They have not as yet received any word from the elders who were in the city sometime ago.

A Play Next Week.

The theatrical season in the city has not entirely closed, and next Saturday evening the St. Plankard company will play at the Grand.

Home From the West.

George W. Clark, western traveler for the Laughlin pottery, came in from the west today.

Got Judgement.

Edward Cook was this morning given judgement against Hancock & Hughes for \$34.

PERSONAL MENTION.

—F. E. Grosshans was in Pittsburg today.
—Mrs. Stevenson has returned from Lasbon.
—Ed Hartzell is visiting his parents in Leetonia.
—Reverend Reinartz will preach at Rochester tomorrow.
—Miss Gould is in New Brighton to spend Sunday there.
—Reverend O'Meara returned from Pittsburg last evening.
—A. H. Fleming, of Fairmont, W. Va., is in the city on business.
—W. A. Lawrence, of Troy, N. Y., was visiting friends in the city yesterday.
—David O'Hanlon has moved to the Croft farm, a few miles north of the city.
—Reverend Carson returned last evening from Mt. Vernon, where he has been attending the district conference of African Methodist Episcopal church.

EAST LIVERPOOL, O., SATURDAY, APRIL 24.

THE greatest danger to Greece is that her troops will wear themselves out whipping the Turks.

TURKEY owes something like \$800,000,000 in Europe, and a lot of those fellows are afraid they will lose their money.

THE trusts are gradually succumbing to the force of adverse legislation. The last to lay down and die is the combination of door and sash manufacturers.

THE county Democracy is not in condition to make much of a fight this year. There is a lack of harmony so apparent that the jingle of discordant sounds is heard through the length and breadth of every township.

BUSINESS continues to increase in volume and the number of hands employed is constantly growing. If this is only the advance agent of prosperity, what can be expected when the tariff bill is a law and the real thing is with us?

THERE will be no honor for those Democrats who expect to delay the tariff bill by fighting it at every point in the senate. It would show their patriotism

if they quietly submitted, and allowed the Republicans to carry out their promise to the people.

THE Populists held a meeting in Columbus the other day for the purpose of deciding upon plans for the future. The best plan those fellows can adopt is a plan that will wind up their political business and send all their leaders back to the Democratic party where they by right belong.

THEY lynched a negro in Lynchburg, Va., the other day, not so very far from Washington, and when the authorities were asked what would be done with the mob the only answer was evasive. That closes the incident, and another dark spot mars the name of Virginia.

SOMEONE made a blunder when the Indianapolis three-cent street car fare bill was framed, and a lawyer found it the other day. Now the supreme court has declared the law unconstitutional, and the railways collect five cents as usual. Perhaps it was making errors of this kind that put a Kansas legislator in position to pay off two \$800 mortgages on a salary of \$150.

DO BETTER NEXT YEAR.

It is anything but pleasing to note that Arbor day was allowed to pass this year without much observance in Ohio. While in some sections it received due attention there were portions of the state where nothing was done in the way of planting trees. This is a mistake, the force of which will be felt in the future. So rapid has been the destruction of forests that the result has been most disastrous. It is the duty of this and of succeeding generations to replace these trees, and that as soon as possible. What other states are doing Ohio should not neglect.

GOOD POLITICS.

The sentiment is against an early convention of Ohio Republicans this year. There are no particular contests, and consequently no openings to widen by continued battle for the favorites within the party. It is a foregone conclusion that Governor Bushnell will be nominated without opposition and Mr. Hanna will be unanimously endorsed for senator. There therefore remains nothing but the platform to be considered, and the opinion is very general that nothing can be done until the tariff bill is passed. It is necessary that the party go before the people with a clear cut issue, asking recognition and support for what it has done. At present there is nothing to show that the bill will not within six weeks be a law. Then the state convention can be held.

DAY, BUT NOT STORER.

The Canton Man to Be Sherman's Assistant.

NOW WILL NOT GO TO CUBA.

Senator Foraker Has His Way—The Cincinnati Ex-Congressman Will Be Mollified by Being Made Minister to Belgium—Foraker Will Not Oppose Him.

WASHINGTON, April 24.—President McKinley has decided to nominate Judge William R. Day of Canton, O., to be first assistant secretary of state, and ex-Representative Bellamy Storer of Cincinnati, to be minister to Belgium. These nominations were to have been sent to the senate Friday, but owing to that body's adjournment over until Monday will not go in until next week. The filling of the office of first assistant to Secretary Sherman ends a vexatious problem that has bothered the president considerably. Mr. Storer was slated originally for this appointment, but the nomination was opposed strenuously by Senator Foraker and other well-known Ohio Republicans, who protested against it on personal and party grounds.

Judge Day, who will be named to succeed Mr. Rockhill as first assistant secretary of state, is said to be a fine lawyer and his name has been mentioned frequently for solicitor general. He and the president are on close terms of intimacy and, at the personal request of the president, he recently began an inquiry into the facts as to the death of Dr. Ruiz, an American dentist, in a Spanish prison, preliminary to a visit to Cuba, to attend, in a legal capacity, the investigation by the Spanish authorities of allegations that Dr. Ruiz was murdered.

Judge Day will not go to Cuba now, but some one else will in his place.

The conviction that the pursuit of the original mission by Judge Day would impair his usefulness in the future as an official of the state department has led to the cancellation of the order to go to Cuba. Whether anyone will be appointed to take up the work of special counsel laid down by the judge cannot be learned, but it is intimated that Consul General Lee is anxious to be relieved of his office, and any change there probably would make more pronounced the need of legal assistance in watching the Ruiz case.

The judge took his new position at the earnest solicitation of the president. He admitted that his selection for the assistant secretaryship was a surprise to him, as he had made all his arrangements to go to Havana.

Bellamy Storer is a native of Cincinnati, where he was born in 1847 and has lived since his graduation from Harvard in 1867. He is a practicing attorney and was first elected to the Fifty-second congress, where he served with distinction. He was not renominated for the last congress.

CANTON, O., April 24.—No official salary of any public office for which

Judge William R. Day has been mentioned could be any inducement to him. He has twice resigned from judicial positions. He was elected to the common pleas bench and appointed United States district judge at Cleveland. From both of these positions he retired to resume law practice. He has declined other high offices. He ranks among the very first of Ohio lawyers. He is a son of the late distinguished supreme court of Ohio judge, Rufus Day, and came from Ravenna to Canton over 20 years ago, where he married Mary Schaeffer, daughter of the late Louis Schaeffer. Though holding no official position, no one was more thoroughly in the confidence of Mr. McKinley, or more active in important work during the recent presidential campaign than Judge Day. He is a quickwitted orator, a graduate of the University of Michigan and a man of keen intelligence and polished manners.

The Day residence in Canton is but three doors from the famous McKinley home and Judge and Mrs. Day have been almost life-long friends of the McKinleys. While no authoritative statement can be made the Washington news has aroused a doubt in the minds of his neighbors and friends as to whether Judge Day will now personally make the much discussed Cuban trip.

Will Not Oppose Storer.

WASHINGTON, April 24.—Senator Foraker said when informed that Bellamy Storer was to be appointed minister to Belgium, that he would make no objection to Storer's confirmation. His objection all the time has been to the appointment of Mr. Storer as assistant secretary of state. Speaking of Judge Day's selection for this place, Mr. Foraker said it was an excellent appointment.

THE PRESIDENTIAL PARTY

Final Arrangements Made For the Trip to New York.

WASHINGTON, April 24.—Final arrangements for the presidential trip to New York have been completed at a meeting between Secretary Porter and Messrs. Boyd and Steel of the Pennsylvania railroad. The presidential party will go by special train over the Pennsylvania road, leaving Washington on Monday next at 10:30 a. m.

The first car will be occupied by the president and family and Secretary Porter. The private car of Mr. Frank Thomson, president of the Pennsylvania company, has been made available for the president's use on this occasion. Two Pullman parlor cars will be assigned to the members of the diplomatic corps, headed by Sir Julian Pauncefote, the British ambassador, each foreign representative being accompanied by a secretary and a servant.

Another Pullman parlor car will be occupied by Mrs. Grant and members of the Grant family and by members of the cabinet and representatives of the supreme court, the army and navy with their families. Mrs. U. S. Grant has been assigned one of the star-rooms of the car, while the other will be occupied by Mrs. Nellie Grant Sartoris, Mr. Algernon Sartoris, Miss Vi-lan Sartoris and Miss Rose Mary Sartoris.

DEBOE THE NOMINEE.

Hunter's Choice Finally Named by the Republican Caucus.

FRANKFORT, Ky., April 24.—As there was no quorum in the joint legislative session the balloting was merely a formality.

The adjourned Republican joint legislative caucus met again to attempt the nomination of Dr. Hunter's successor. The presence of Baird, the gold Democrat, was taken to mean a possible attempt of the Deboe-Hunter men to repeal the resolution making 36 republican votes necessary to a nomination, but it did not occur. The only absentees were Deboe and Bennett, the candidates paired.

The first ballot stood: Deboe, 31; Holt, 16; Evans, 3; Lewis, 6; Bennett, 4; Scattering, 9. Necessary to a choice 36. The men who had expected the five former "bolters" to accept the chance to dictate a nomination were disappointed. One of these votes was a complimentary vote that would not have staid had they come. On the next ballot Baird voted for Deboe and gave him 32 votes, but one of these did not count, as Baird could not be one of the needed 36. The next ballot was the same.

On the twenty-eighth ballot the bolters, led by Clark, Linney and others, nominated Deboe.

WAR WITH BULGARIA.

The Sultan Refused Demands and the Bulgarians Will Join the Greeks—Ignored Russia's Order to Keep Quiet. Rumania Preparing For War.

NEW YORK, April 24.—A dispatch to The Journal from Constantinople says: "There is a rumor that the sultan will refuse the demands of Bulgaria for five additional berats or bishoprics. Such a refusal will surely result in a war with Bulgaria."

"It is asserted, however, that the sultan would never have refused such a request from Bulgaria, unsupported by some power, in the face of recent reverses on the Greek frontier."

"The Rumanian government is preparing for war by announcing the issue of bills to the amount of 8,670,000 francs for a war credit."

LONDON, April 24.—A dispatch to The Standard from Constantinople says: "The Russian government has sharply ordered Bulgaria to keep quiet, but Bulgaria will mobilize her army today."

GREAT LAND SALE!

The Chester Land Company

WILL ON TUESDAY, APRIL 27,

AT 1:30 O'CLOCK P. M.,

AGAIN PLACE THEIR LOTS UPON THE MARKET.

This will give to the people of East Liverpool and vicinity an opportunity to get a home at hitherto unheard of prices. These lots were placed upon the market last fall for a period of five weeks, and were then sold over \$39,000 worth of property, and were then taken off the market until now. This property it is unnecessary to describe to our citizens, as it is so well known to all being that beautiful level river front and bottom land lying immediately opposite East Liverpool, between the new bridge and Rock Spring Pleasure Resort. The lots are all large and level, mostly 40x140 feet, and fronting on wide beautiful streets. These lots we propose selling at last year's prices, which range from \$200 to \$500 a lot, and on terms to suit the purchaser. Special inducements to purchasers on the opening day, so intending buyers should be on hand and thus save a liberal discount.

What Has Chester to Offer to Intending Purchasers?

is high and advancing daily; where a good residence lot anywhere near the center of the city will cost you from \$3,000 to \$5,000. Why pay such fabulous prices when a better lot can be had in Chester for from \$300 to \$500.

Chester will be connected with East Liverpool inside of the new bridge. When this is done we will have two factories located in Chester which will give a natural overflow from our already crowded and thickly built city into Chester. This community our ability to work over have already demonstrated to this community our ability to work over.

Chester is no myth, as many of our wealthiest and most influential, and others are preparing to do so, and before the snow falls.

Chester is located in West Virginia, the home of low taxes. Speculators and investors, no such an opportunity for large will be on hand and avail themselves of this great opportunity to 1897, at 1:30 o'clock p. m. For further information address

THE PRESIDENTIAL PARTY

Final Arrangements Made For the Trip

to New York.

WASHINGTON, April 24.—Final ar-

rangements for the presidential trip to

New York have been completed at a

meeting between Secretary Porter and

Messrs. Boyd and Steel of the Penn-

sylvania railroad. The presidential

party will go by special train over the

Pennsylvania road, leaving Washing-

ington on Monday next at 10:30 a. m.

The first car will be occupied by the

president and family and Secretary

Porter. The private car of Mr. Frank

Thomson, president of the Pennsylv-

ania company, has been made available

for the president's use on this occasion.

Two Pullman parlor cars will be

assigned to the members of the diplo-

matic corps, headed by Sir Julian

Pauncefote, the British ambassador,

each foreign representative being ac-

companied by a secretary and a ser-

vant.

Another Pullman parlor car will be

occupied by Mrs. Grant and members

of the Grant family and by members

of the cabinet and representatives of the

supreme court, the army and navy

with their families. Mrs. U. S. Grant

has been assigned one of the star

rooms of the car, while the other will

be occupied by Mrs. Nellie Grant Sar-

toris, Mr. Algernon Sartoris, Miss Vi-

lian Sartoris and Miss Rose Mary Sar-

toris.

READY TO AID GREECE.

Islanders Will Throw Off the Turkish Yoke.

THE TURKS BADLY DISMAYED.

The Greeks Have Destroyed Their Stores at a Number of Points—The Turks Changing Commanders—Turks Burn to Death Greek Prisoners.

PARIS, April 24.—The Politique Coloniale publishes telegrams from the Sporades and the island of Samos, off the coast of Asia Minor, declaring that the inhabitants are impatiently awaiting the arrival of the Greek fleet as a signal to shake off the Turkish yoke.

CURT, April 24.—The western Greek squadron is bombarding Santo Quaranta and doing great damage to the town. All the government and private buildings have been destroyed, with the exception of the Austrian agency. All the stores and merchandise on the quay have been burned.

Fifty refugees, who had embarked on ships, have been landed here.

SALONICA, April 24.—The news is received here that after a fierce battle, the Greeks occupied Karyia, fighting continues along the line.

CONSTANTINOPLE, April 24.—Ghezi Osman Pasha, who is to succeed Edhem Pasha as commander-in-chief of the Turkish army in Thessaly, has started for the frontier. Saad Edin Pasha, who has been appointed to command the Turkish troops at Janina, in Epirus, has also started for the frontier.

LONDON, April 24.—The Athens correspondent of The Daily Chronicle says that Crown Prince Constantin has written to King George as follows: "The Turks are quiet, owing to our success Thursday. We have destroyed the Turkish battery at Ligeria. The Turks have retired from Nezeros and Rapsani. The action of our fleet at Katerina was excellent, I was in the first line of fire."

The Chronicle's correspondent says: "The Turks are greatly dismayed by the destruction of their stores at Katerina and at Licochorion. Commodore Sachouris destroyed the stores from the coast to the foot of Mount Olympus. Nothing remains, therefore, for Edhem Pasha to carry away but hunger. The coast road being barred, the only remaining road from Salonica is the Verrariar road, eight days from Elassona."

"Financially everything is going well and the value of paper money has risen. It is reported here (Athens) that the Turkish troops will be withdrawn from Crete. Private advices from Volo say that all the villages between Katerina and Volo have arisen against the sultan."

"Among the wounded who have arrived here are several who state that a number of the Greeks, who were wounded at Gritzovali and unable to follow the Greek retreat, were shut up in a small church by the Turks, who set fire to the building and burned them to death."

The Daily Telegraph's correspondent at Larissa says that the Greeks are about to retake Gritzovali. A long fight ensued, but the Greeks failed owing to the superior forces of the Turks, however, occupy a good position in front of Ligeria, where, the correspondent is convinced, they will be victorious. He adds: "I regret to say that the Turks have burned, after plundering, the villages of Ligeria, Karayol and Meralaria, destroying the churches with dynamite."

A dispatch to The Daily News from Larissa says the Greeks are about to assume the offensive against Vigla and Salonica, that the Greeks have occupied Karyia and that the Turks have suffered unexpected severe reverses.

PARIS, April 24.—A number of ladies have offered their services at the Greek legation here to act as nurses with the Greek armies in the field. This has caused the officials at the legation to announce that their services would gladly be accepted, but no funds are available to pay for their journey to Greece.

The members of the Greek colony are greatly pleased at the proposed motion expressing the sympathy of the United States senate with Greece.

NEW YORK, April 24.—Five hundred and sixty-two Greek recruits sailed today on the French line steamship La Champagne from Havre. From there they will be transported via Marseilles to the scene of the conflict between the Turkish and Greek forces. The recruits come from different cities, as follows: Chicago, 20; Birmingham, Ala., 15; Atlanta, 8; Minneapolis, 26; Boston, 25; Lowell, 8; Hartford, Trenton, 6; Baltimore, 6; Indianapolis, 12, and about 200 from this city.

Osman Pasha Goes to the Front.

BERLIN, April 24.—The Frankfort Zeitung publishes a dispatch from Constantinople, dated midnight, Thursday saying that the news of the Turkish forces in Greece has just reached that city. The dispatch adds that Osman Pasha, the hero of Plevna, has been dispatched to the frontier.

A Minister Expelled.

ALBANY, April 24.—Rev. Dr. Farrar, ex-pastor of St. Luke's church, Albany, has been expelled from the Methodist Episcopal church and the ministry at the Troy conference. Rev. Dr. Farrar, who is a grandfather, handed in a written confession which settled matters. He was too intimate with a servant girl.

Troops Out in Virginia.

ALEXANDRIA, Va., April 24.—The Alexandria light infantry is camped at the house of Tobe Lacre. Since the lynching of Joseph McCoy, who criminally assaulted Lacre's daughters, there have been fears that the negroes would seek revenge on Lacre.

Wrecked the Office.

EBENSBURG, Pa., April 24.—Burglars broke into the Cambria county court-house and made a bad wreck of the prothonotary's office. They only got \$100.

Building More Forts.

LONDON, April 24.—The Daily News' Cape Town correspondent says that the government of Transvaal has decided to build two more forts at Pretoria.

HOBBS

Friends Offer Absolute Proof of the Merits of Dr. Hobbs Sparagus Kidney Pills.

We Publish in this Article What Alvin H. Bulger, Pharmacist, Corner Sixth and West Market Streets, and a Well Known Physician, has to Say Regarding This Great Remedy.

The verdict of the people must at all times be considered final. This old saying is a true one, and whatever the popular verdict may be in the test now being made of Dr. Hobbs' discovery for the cure of the kidney diseases, it must necessarily be considered final. No appeal will be taken, and no subterfuge resorted to. Each and every claim made by Dr. Hobbs must be fully substantiated.

There are today in East Liverpool and vicinity alone, hundreds of people who say that Dr. Hobbs Sparagus Kidney Pills are indeed a grand medicine. They have good reasons for saying this, having themselves been either greatly benefited or cured by their use.

From a Popular Pharmacist.
East Liverpool, O., April 20, 1897.
Hobbs Remedy Co.:

Gentlemen:—Every day brings endless inquiries from our customers as to the merits of your Sparagus Kidney Pills. Being familiar with the component parts of this medicine, we never have any hesitancy in recommending Dr. Hobbs Sparagus Kidney Pills, as it is our belief that it would be an utter impossibility to combine in any other preparation more virtue than what the formula shows they contain.

Yours Truly,
ALVIN H. BULGER.

Experience of a Distinguished Physician.
A Graduate of Jefferson Medical College, Philadelphia, in 1859, and an ex-President and Present Member of the Delaware State Medical Society.

Hobbs Remedy Co., Chicago:

Gentlemen:—I feel that I would not be doing my duty to my fellow men if I should not give my testimony as to the curative qualities of Dr. Hobbs Sparagus Kidney Pills in the following case, as anyone in Milford can testify. No one expected him to live. He was the sickest man I ever saw not to die. After an experience of 36 years in the practice of medicine, I can say that his case was most miraculous. You are at liberty to refer to me in regard to this case, and I will gladly answer any questions desired.

About a year ago I was called to see J. F. Kimbal, who has been troubled with kidney disease for five years. Before he came into my hands to be treated he had been under the care of several physicians. They all pronounced his disease as incurable. On examination, I found the following symptoms to be present: Urine high color and scanty, a brick dust deposit on standing. By an analysis 40 per cent albumen and full of tube cast, showing a destruction of the kidneys going on. Circulation affected, palpitation of the heart, swelling and puffiness under the eyes; also a swelling around the ankles, hands and abdomen. Pain of great severity in the small of the back, cramps in the legs, specks or motes before the eyes, ringing noises in the head, furred tongue, bowels constipated, loss of appetite, sick stomach and indigestion, all of the above symptoms showing Bright's disease in its very worst form. I told him that I considered his case hopeless, and that he was beyond the aid of medicine. His friends and neighbors were daily expecting his death. His life became a burden to him. At this time, a neighbor reading your advertisement of Dr. Hobbs Sparagus Kidney Pills, persuaded him to try them. From the use of the first box he began to improve. It would consume time needlessly to follow the whole course of his convalescence. After using six boxes of Dr. Hobbs Sparagus Kidney Pills he was entirely cured, and is today a well and sound man, and is able to follow his avocation, without any return of his trouble.

I am a regular graduate of thirty-six years' experience in the practice of medicine. This man's cure was a little short of a miracle. After demonstrating the curative power of your pills in two cases, I shall prescribe them in all kidney and urinary troubles. I am independent enough to use any remedy that will relieve and benefit my patients. I am willing to acknowledge and commend thus frankly the value of Dr. Hobbs Sparagus Kidney Pills.

ROBERT FRANK, M. D.,
Milford, Delaware.

How timely the advice of Mr. Kimbal's neighbor. If you are sick take heed of your kidneys.

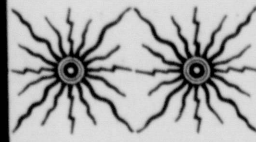

Dr. Hobbs Sparagus Kidney Pills

To my patrons, and those contemplating building, permit me to state: I have made plans and constructed the building for more than three times the number of any other one Architect in this country, during my nine years practice in this city, and in each case devoted careful study that I might not cause you to expend one dollar where it was not required, and yet give you a building free from cracked or settled walls, both interior and exterior, free from unsightly cast iron plates on the inside, and the most substantial of structures. We profit by other people's mistakes. We study. We are progressive. We put strength where it belongs. It was the unearned and illiterate Egyptians who constructed their buildings with 9 to 10 foot thick walls, regardless of size of building, because their forefathers did the same. Science has taught practical architects that necessity demands practical economy. We are up to date on any style building you want. Make you blue print copies of your plans. Type written specifications. Duplicate or triplicate copies when desired. Make you neat sketches of all contemplated building, free of charge, as all first class architects do. We charge you a reasonable compensation for our work, which we allow you to determine, while with some "half a loaf is better than none." Beware of the man who proposes to make your plans for nothing. Somebody's going to pay dear for them in the end. We are too busy to announce all the leading points on this subject. We are completing the 2d contract for plans since January, '97. Call and see me.

Gentlemen:—I feel that I would not be doing my duty to my fellow men if I should not give my testimony as to the curative qualities of Dr. Hobbs Sparagus Kidney Pills in the following case, as anyone in Milford can testify. No one expected him to live. He was the sickest man I ever saw not to die. After an experience of 36 years in the practice of medicine, I can say that his case was most miraculous. Pain of great severity in the small of the back, cramps in the legs, specks or moles before the eyes, ringing noises in the head, furred tongue, bowels constipated, loss of appetite, sick stomach and indigestion, all of the above symptoms showing Bright's disease in its very worst form. I told him that I considered his case hopeless, and that he was beyond the aid of medicine. His friends and neighbors were daily expecting his death. His life became a burden to him. At this time, a neighbor reading your advertisement of Dr. Hobbs Sparagus Kidney Pills, persuaded him to try them. From the use of the first box he began to improve. I am a regular graduate of thirty-six years' experience in the practice of medicine. This man's cure was a little short of a miracle. After demonstrating the curative power of your pills in two cases, I shall prescribe them in all kidney and urinary troubles. I am independent enough to use any remedy that will relieve and benefit my patients. I am willing to acknowledge and commend thus frankly the value of Dr. Hobbs Sparagus Kidney Pills.

A. W. SCOTT, Architect.

To my patrons, and those contemplating building, permit me to state: I have made plans and constructed the building for more than three times the number of any other Architect in this county, during my nine years practice in this city, and in each case devoted careful study, and I might not cause you to expend one dollar where it was not required, and yet give you a building free from cracked or settled walls, both interior and exterior, free from unsightly cast iron plates on the side of your building, or cumbersome "hog chains" extending down in your finished rooms to support a roof, as some are in this city, constructed by those professing to know better. I guarantee you a saving in each building of many times what the plans cost you, and the most substantial of structures. We profit by other people's mistakes. We study. We are progressive. We put strength where it belongs. It was the unlearned and illiterate Egyptians who constructed their buildings with 9 to 10 foot thick walls, regardless of size of building, because their forefathers did the same. Science has taught practical architects that necessity demands practical economy. We are up to date on any style building you want. Make your blue print copies of your plans. Type written specifications. Duplicate or triplicate copies when desired. Make your neat sketches of all contemplated building, free of charge, as all first-class architects do. We charge you a reasonable compensation for our work, which we allow you to determine, while with some "half a loaf is better than none." Beware of the man who proposes to make your plans for nothing. Somebody's going to pay dear for them in the end. We are too busy to announce all the leading points on this subject. We are completing the 2d contract for plans since January '97. Call and see me.

PATENTED THE SYSTEM

W. J. Allen Has a New Plan For Kiln Firing.

IT SAVES FUEL AND LABOR

Draughts Are Admitted So as to Send the Fire Beyond the Mouth of the Kiln, and the Heat Is Distributed More Equally Among the Ware.

William J. Allen, who has charge of the kilns of the Knowles, Taylor & Knowles company, has secured a patent on a method for firing which, it is believed, will be the means of saving much money for the potteries.

One of the great sources of expense in firing kilns has been the inability to force heat back into the kiln from the mouth. There has ever been a portion where dead ashes lay and seriously hampered the work. By the new method draught is forced from a point on each side of the mouth into this troublesome portion, and the result has been even better than was anticipated. The heat is distributed much better, and the saving in fuel amounts to about one-third. There is also a corresponding saving in labor, while ware fired in this way is said to be much better than if the old system had been used. Mr. Allen tested the arrangement for four months, and is satisfied with the result. All the kilns at the Knowles plant are fitted with it, and now that the patent has been granted other potteries in the city will have their kilns arranged in the same manner.

ABUSED BY CUBANS.

A Philadelphian Says He Was Hung Over a Well Entrance—The Rope Broke, Thus Saving His Life—Escaped to the Spanish Lines.

HAVANA, April 24.—Michael J. Kelly, the Philadelphian, who left Havana a fortnight ago for the insurgent camp and was strung up on a charge of being a spy, but finally managed to escape, has been interviewed on his arrival here.

He says that he went out from Havana alone and joined the insurgent forces as an electrician. After a few days he was sent with a sergeant and 12 men on an alleged mission to meet Sylvester Scovel, who, the insurgents said, had just landed. After the party had gone a few leagues from the camp, the sergeant halted his men near an old well, accused Kelly, so he says, of being a spy, stripped him absolutely naked, shot him and believing that he was dead, put a rope around his neck and hung him over the well.

The rope broke and he fell 40 feet. The water was up to his arm pits. They then rode away, and about midnight he escaped from the well and walked several miles to a Spanish outpost, where he presented himself entirely naked with a view of surrendering under the amnesty decree.

When the commandant called out to the guard to receive him, Kelly was frightened. He ran and was fired at. The Spanish started in pursuit and he was finally caught and taken into camp. They treated him well and held him until the order came for his release.

A Murder and Suicide.

CHICAGO, April 24.—John H. Rapp, a wholesale liquor dealer, has been shot and killed by his former secretary and confidential clerk, B. W. Breunschweig, who afterward put the revolver to his own temple and killed himself. Some time ago Breunschweig was found to be about \$2,500 short in his accounts. Criminal action was brought against him.

Gunsaulds to Go to New York.

CHICAGO, April 21.—Rev. Frank Gunsaulds, for many years pastor of Plymouth church of this city, has taken steps to relinquish his pulpit and go to New York, where, it is said, he will take charge of the Broadway tabernacle.

Wife Held For Murder.

SALT LAKE CITY, April 24.—The coroner's jury in the case of John Hamilton has rendered a verdict in which Mrs. Lou Hamilton, the wife of the dead man, is held for murder and Thomas P. Seddon, the brother-in-law of Mr. and Mrs. Hamilton, is held as an accomplice.

Zita Robbins Acquitted.

HUNTINGTON, W. Va., April 24.—The trial of Etta Robbins for the murder of Nellie Coll ended by the jury returning a verdict of not guilty. On next Monday her trial will begin for the murder of A. J. Coll, Nellie's father. She pleads guilty to that murder, but claims self-defense.

THE GLAD HAND.

East Liverpool Extends a Hearty Welcome—Our Citizens Show Appreciation in Public Utterances.

Lack of appreciation is not a failing of our citizens, and the advent of the "little conqueror" was received with the same display of enthusiasm that has spread all over the Union. Coming like a ray of sunshine to every household, raising burdens that many backs have borne for years, is enough to awaken the public to praise the like of which never before been heard in this locality. From every ward, from every street come the same report. Failure is an unknown quantity as far as the "little conqueror" is concerned, and success follows every footstep. Right here at home the triumphs have been many and have set our people talking about the wondrous workings. The following case in point should interest every reader, and it is only one among thousands:

Mr. W. F. Cochran, of Mulberry street, East End, says: "At intervals for thirty years I have had serious kidney and bladder trouble. I have suffered with all the various symptoms in their worst form. The agony I have gone through can hardly be described. Many times I have rolled from one side to the other trying to find an easy position for my back. I could not move without having sharp twinges of pain and I was also troubled with a urinary difficulty, the secretions being very irregular and at times distressing. I have been run down that I could hardly help myself. Doctors have treated me and I have taken a power of stuff. I had given up all hope of being cured, having suffered so long and not finding anything that would give me relief more than a few days. When I saw Doan's Kidney Pills advertised as a never failing remedy, I got a box at the W. and W. Pharmacy. After taking half of it I could see some improvement. I continued to improve from that time on. Doan's Kidney Pills have done me more good than anything I have yet taken and I am quite free in expressing my opinion of them by saying that they are a good remedy for all kidney and bladder trouble."

Doan's Kidney Pills are for sale by all dealers. Price 50 cents, or mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Knew His Place.

"Move forward, please," said the conductor in the crowded cable car. "Not on your life," replied the gentleman addressed, taking a fresh grip on the strap.

"But there are gentlemen on the platform who wish to get in," continued the collector of fares.

"Well, they can't have my place. This lady is my wife, and I know this road from start to finish. If anybody is going to sit in her lap this trip, I'm that person. I'm on to this road's curves."—Yonkers Statesman.

MORE LAND INUNDED.

Flood Situation Bad In Southern Louisiana—Improving Above.

MEMPHIS, April 24.—No new crevasses have appeared in the levees, but the current of the river is still beating against the southern embankments with a fury that causes the gravest apprehension. The break at Delta has inundated 75,000 acres of the finest plantations in Southern Louisiana and the water continues to pour through the openings and is rapidly spreading over a greater area. Reports from Greenville are not encouraging.

While the water is slowly receding in the overflooded district of the Yazoo delta, yet it is almost certain that the planting of this year's crop will be 30 days late. The negro laborers throughout the delta, although the government relief work is being carried on energetically. The situation north of Memphis and in Arkansas, however, has greatly improved. Many people are returning to their farms in Arkansas and the work of planting will begin shortly. At Cairo, Ill., the river is falling. It has fallen several tenths of a foot since the last bulletin was issued and will continue to fall at that rate for some days to come.

At Vicksburg and New Orleans the river is stationary.

Fiendish Crime of a Woman.

LANSING, Mich., April 24.—At Williamsport, Mich., 14 miles east of this city, Mrs. Albert Howey, aged 32 years, murdered her aged mother-in-law with an ax. She severed the head from the body with a butcher knife and then poured oil on the body and set it on fire.

I would call the attention of all persons contemplating building to the fact that I will be to their interest to see me, as I have cut my charges one-half; my present price being three-fourths up to one and one-half per cent. of the cost of building and in some cases a fraction more. Having many years practice in contracting, building, drawing plans and specifications, and knowing the strength of all material and work, both by theory and practice, and therefore have no need of measuring up other architects work and specifications for, and superintending to stand the test and the walls not crack and settle out of plumb as some specimens we have in this city have done.

PATENTED THE SYSTEM

W. J. Allen Has a New Plan For Kiln Firing.

IT SAVES FUEL AND LABOR

Draughts Are Admitted So as to Send the Fire Beyond the Mouth of the Kiln, and the Heat Is Distributed More Equally Among the Ware.

William J. Allen, who has charge of the kilns of the Knowles, Taylor & Knowles company, has secured a patent on a method for firing which, it is believed, will be the means of saving much money for the potters.

One of the great sources of expense in firing kilns has been the inability to force heat back into the kiln from the mouth. There has ever been a portion where dead ashes lay and seriously hampered the work. By the new method draught is forced from a point on each side of the mouth into this troublesome portion, and the result has been even better than was anticipated. The heat is distributed much better, and the saving in fuel amounts to about one-third. There is also a corresponding saving in labor, while ware fired in this way is said to be much better than if the old system had been used. Mr. Allen tested the arrangement for four months, and is satisfied with the result. All the kilns at the Knowles plant are fitted with it, and now that the patent has been granted other potters in the city will have their kilns arranged in the same manner.

He's a Hustler.

Who is a hustler? The pushing and energetic proprietor of the Buckeye Clothing House, new Syndicate block, Sixth street. Yes, and he is showing bargains in clothing and gents' furnishings which are attracting general attention. The goods are dandies and the prices exactly suit the pocketbooks of men who have no money to throw away. Don't fail to visit the Buckeye Clothing House.

In a New Position.

Tom Porter has accepted a position as salesman in the Buckeye Clothing House, new Syndicate block, Sixth street. Porter has a host of friends in this city, and they are a unit in the expression of the wish that our young townsman will score a success in his new venture.

The Oak.

The Druids considered the oak as the emblem, or rather the peculiar residence, of the Almighty, and accordingly chaplets of it were worn both by the Druids and people in their religious ceremonies. The fruit of it, the mistletoe, was thought to contain a divine virtue and to be the peculiar gift of heaven.

ABUSED BY CUBANS.

A Philadelphian Says He Was Hung Over a Well Entrance—The Rope Broke, Thus Saving His Life—Escaped to the Spanish Lines.

HAVANA, April 24.—Michael J. Kelly, the Philadelphian, who left Havana a fortnight ago for the insurgent camp and was strung up on a charge of being a spy, but finally managed to escape, has been interviewed on his arrival here.

He says that he went out from Havana alone and joined the insurgent forces as an electrician. After a few days he was sent with a sergeant and 12 men on an alleged mission to meet Sylvester Scovel, who, the insurgents said, had just landed. After the party had gone a few leagues from the camp, the sergeant halted his men near an old well, accused Kelly, so he says, of being a spy, stripped him absolutely naked, shot him and believing that he was dead, put a rope around his neck and hung him over the well.

The rope broke and he fell 40 feet. The water was up to his arm pits. They then rode away, and about midnight he escaped from the well and walked several miles to a Spanish outpost, where he presented himself entirely naked with a view of surrendering under the amnesty decrees.

When the commandant called out to the guard to receive him, Kelly was frightened. He ran and was fired at. The Spanish started in pursuit and he was finally caught and taken into camp. They treated him well and held him until the order came for his release.

A Murder and Suicide.

CHICAGO, April 24.—John H. Rapp, a wholesale liquor dealer, has been shot and killed by his former secretary and confidential clerk, B. W. Breunschweig, who afterward put the revolver to his own temple and killed himself. Some time ago Breunschweig was found to be about \$2,500 short in his accounts. Criminal action was brought against him.

Gunsman to Go to New York.

CHICAGO, April 21.—Rev. Frank Gussauls, for many years pastor of Plymouth church of this city, has taken steps to relinquish his pulpit and go to New York, where, it is said, he will take charge of the Broadway tabernacle.

Wife Held For Murder.

SALT LAKE CITY, April 24.—The coroner's jury in the case of John Hamilton has rendered a verdict in which Mrs. Lou Hamilton, the wife of the dead man, is held for murder and Thomas P. Seddon, the brother-in-law of Mr. and Mrs. Hamilton, is held as an accomplice.

Etta Robbins Acquitted.

HUNTINGTON, W. Va., April 24.—The trial of Etta Robbins for the murder of Nellie Coll ended by the jury returning a verdict of not guilty. On next Monday her trial will begin for the murder of A. J. Coll, Nellie's father. She pleads guilty to that murder, but claims self-defense.

THE GLAD HAND.

East Liverpool Extends a Hearty Welcome—Our Citizens Show Appreciation in Public Utterances.

Lack of appreciation is not a failing of our citizens, and the advent of the "little conqueror" was received with the same display of enthusiasm that has spread all over the Union. Coming like a ray of sunshine to every household, raising burdens that many backs have borne for years, is enough to awaken the public to praise the like of which has never before been heard in this locality. From every ward, from every street came the same report. Failure is an unknown quantity as far as the "little conqueror" is concerned, and success follows every footstep. Right here at home the triumphs have been many and have set our people talking about the wondrous workings. The following case in point should interest every reader, and it is only one among thousands:

Mr. W. F. Cochran, of Mulberry street, East End, says: "At intervals for thirty years I have had serious kidney and bladder trouble. I have suffered with all the various symptoms in their worst form. The agony I have gone through can hardly be described. Many nights I have rolled from one side to the other trying to find an easy position for my back. I could not move without my sharp twinges of pain and I was having sharp twinges of pain and I was also troubled with a urinary difficulty, the secretions being very irregular and at times distressing. I have been run down that I could hardly help myself. Doctors have treated me and I have taken a power of stuff. I had given up all hope of being cured, having suffered so long and not finding anything that would give me relief more than a few days. When I saw Doan's Kidney Pills advertised as a never failing remedy, I got a box at the W. and W. Pharmacy. After taking half of it I could see some improvement. I continued to improve from that time on. Doan's Kidney Pills have done me more good than anything I have yet taken and I am quite free in expressing my opinion of them by saying that they are a good remedy for all kidney and bladder trouble."

Doan's Kidney Pills are for sale by all dealers. Price 50 cents, or mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Knew His Place.

"Move forward, please," said the conductor in the crowded cable car.

"Not on your life," replied the gentleman addressed, taking a fresh grip on the strap.

"But there are gentlemen on the platform who wish to get in," continued the collector of fares.

"Well, they can't have my place. This lady is my wife, and I know this road from start to finish. If anybody is going to sit in her lap this trip, I'm that person. I'm on to this road's curves."—Yonkers Statesman.

MORE LAND INUNDATED.

Flood Situation Bad In Southern Louisiana—Improving Above.

MEMPHIS, April 24.—No new crevasses have appeared in the levees, but the current of the river is still beating against the southern embankments with a fury that causes the gravest apprehension. The break at Delta has inundated 75,000 acres of the finest plantations in Southern Louisiana and the water continues to pour through the openings and is rapidly spreading over a greater area. Reports from Greenville are not encouraging.

While the water is slowly receding in the overflooded district of the Yazoo delta, yet it is almost certain that the planting of this year's crop will be 30 days late. The negro laborers are in a fearful state of destitution throughout the delta, although the government relief work is being carried on energetically. The situation north of Memphis and in Arkansas, however, has greatly improved. Many people are returning to their farms in Arkansas and the work of planting will begin shortly. At Cairo, Ill., the river is falling. It has fell seven-tenths of a foot since the last bulletin was issued and will continue to fall at that rate for some days to come.

Fiendish Crime of a Woman.

LANSING, Mich., April 24.—At Williams, Mich., 14 miles east of this city, Mrs. Albert Hovey, aged 32 years, murdered her aged mother-in-law with an ax. She severed the head from the body with a butcher knife and then poured oil on the body and set it on fire.

To the Public.

I would call the attention of all persons contemplating building to the fact that it will be to their interest to see me, as I have cut my charges one-half; my present price being three-fourths up to one and one-half per cent. of the cost of building and in some cases a fraction more. Having many years practice in contracting, building, drawing plans and specifications and knowing the strength of all material and work, both by theory and practice, and therefore have no need of measuring up other architects work. I can guarantee all buildings I draw plans and specifications for, and superintend, to stand the test and the walls not crack and have in this city have done.
